CORRECTED TIME PRECISION

CLASSES AFFECTED: PHRF CLASSES

The corrected times of Rebel Yell and Grand Illusion are not being calculated with sufficient precision to resolve the corrected time tie between the two boats. In the 2005-2008 Racing Rules of Sailing rule A3 was changed to remove to the phrase "corrected to the nearest second" so that the individual rating rules now determine the precision of corrected results. PHRF Rules are silent with respect to the required precision so results should be calculated with sufficient precision to resolve the tie. By rounding the result to the nearest second a tie is being created that should not exist.
