

## Long Beach Race Week

### URLs to Public Jury Information

---

The Jury are using a web-based program for the management of protests, communication with parties regarding hearings and the production of decisions. Parties to protests will be notified electronically (via email and SMS if you have provided the OA a mobile number) of the protest filing and scheduled hearing time. The intent is to make hearings more convenient and transparent to the competitors and improve the overall experience. **The Official Notice Board (ONB) is still the only official source of information**, but the additional electronic system will allow competitors to move freely about the event until their hearing is set to begin. And at the conclusion of each hearing, all competitors have electronic access to the complete jury decision.\*

#### Public access to Protest Hearing Schedule:

#### Public access to Protest Decisions:

URL: <http://racingrulesofsailing.org/decisions/21/event>

**NOTICE:** The procedure for filing a protest (as set forth in the Racing Rules of Sailing and the Sailing Instructions) remains unchanged.
